Kathy Stone: Etsy is a great source for templates and digital art (I only learned this a few weeks ago) even though I have been shopping there for years

Barbara Tien: Amazing, right? Great tip. Canva presents a lot of templates, but it sounds like Etsy is good for inspiration this way too.

Kathy Stone: Tip - also that printer's books allow the number of pages you think you will need

00:28:17.444,00:28:20.444

Barbara Tien: Oh yeah! Great point. Often it's multiples of 4 or something counter-intuitive like that.

Kathy Stone: I love that you used "Grammy" - the names that you called them rather than the formal "grandmother"

Karen Ray: Love this

Barbara Tien: 🙄

00:37:53.804,00:37:56.804

Kathy Stone: And see them every time she cooks

00:42:47.540,00:42:50.540

Barbara Tien: Wait, what? What WAS "Salad Dressing" in your grandmother's generation...

🙄🤔

Anna Scheutz: "Death by chocolate"...

00:45:48.540,00:45:51.540

Barbara Tien: Not so bad, is it? 🤔
